

The Vetricco glass mosaic tile palette is magnificent in rich shades covering the full spectrum of opaque colors, enabling the artist to create depth in each piece. Variations of Grass Green to Deep Forest Green and Blues from Sky to Sea will entice the glassworker to create scenes across walls in restaurants, businesses and home environments. Swirls of sparkling Copper Aventurine are visible in the deep translucency of the 9607 Aventurine Series.

The Vetricco 3/4" (19mm) square glass mosaic tiles have smooth edges eliminating the need for grinding. Use on walls, counter-tops, table tops, floors, stepping stones and other creative applications. Each tile has a slight surface texture which resists scratching from grouting materials and from abrasive foot traffic (on floors or stepping stones).

Tiles may be cut and shaped with the Pro Mosaic Cutter (Cat. No. 2057) when smaller or shaped pieces are desired. Each Vetricco mosaic glass tile is 1/8" (3mm) thick and backed with a striation pattern for a firm adhesion with the mosaic substrate when using a specially formulated adhesive.

VETRICCO 3/4" GLASS TILES (20mm)

Cat. No. 9606- and 9607-
1 lb. (454g) bag. Each bag contains approximately 150 tiles.

Order by **Cat. No. 9606 (plus number)** for Standard colors.

Order **Catalog No. 9607 (plus number)** for Aventurine colors.
