

**STRIP-PRO STRIP CUTTER
ATTACHMENT FOR CUTTER'S MATE**
Cat. No. 20775

Attachment for the Cutter's Mate glass cutter. Cuts any width strips with 90% accuracy. Slides smoothly on the Cutter's Mate slide bar. Complete with calibrated 18" (457mm) straight edge and Toyo carbide cutter head.

Cutter's Mate 16" arm (406mm) - Cat. No. 20771
Cutter's Mate Plus 21" arm (533mm) - Cat. No. 20772
Cutter's Mate Commercial 30" arm (761mm) - Cat. No. 20773

For cutting with less fatigue and greater comfort. Maintains a constant 90° angle to glass surface with a weighted handle to apply just the right amount of pressure for the perfect cut. Cutting head rotates 360°, allowing cuts of any shape that can be drawn or traced.

FEATURES:

- ✓ Toyo oil-fed cutting head with handle oil reservoir for easy filling.
- ✓ Modular construction for one-step assembly.
- ✓ Rubber feet for use on tabletops, bench surfaces or light tables.
- ✓ Compatible with the Morton Surface.
- ✓ Low maintenance.
- ✓ Powder-coated painted surfaces resist chipping and scratching.
- ✓ Can stay in work area; swings out of the way when not in use.
- ✓ Comfortable Grab-on™ foam grip handle.

SPEED BALLS
Cat. No. 20167

For use in grid systems. Just place speed balls in line with your score for easier sliding of glass. Use included cap to position speed balls in grid.

CUTTER'S CIRCLE PRO™
Cat. No. 20774

Cutter's Circle Pro™ - This attachment for the Cutter's Mate makes cutting circles from 1-1/2" - 25" (38-635mm) easy with one hand! Precisely calibrated in inches and millimeters. This is an add-on feature to the pre-existing Cutter's Mate System. A slide bar assembly is available as an option:

Slide Cutter for 23" (584mm) Cutter's Mate - Cat. No. 207742
Slide Bar for 35" (889mm) Cutter's Mate - Cat. No. 207743

WAFFLE GRID PACK

Cat. No. 26001 - 6-pack
Cat. No. 260011 - 2-pack

This interconnecting grid allows the user to configure to the shape of their work table. Through its unique

design, you can configure around a corner, as a connecting backsplash or even randomly turn up individual grids to have a smooth area amid a pocketed area. (Shown assembled to make a splash shield.) Made of high impact polycarbonate (Lexan®), the surface of the 1/2" (13mm) pockets is rounded smooth, to allow your glass to glide. Want to clean out debris from a section... just lift it out. No need to disturb your whole work surface! The Waffle Grid comes packaged in a 6-pack and 2-pack. The components are 11-1/4" x 11-1/4" (286mm).

CUTTER'S MATE OIL WELL

Cat. No. 20776

Convenient oil holder. Fits onto Morton's Glass Cutting Surfaces.

FRICTION BUTTONS

Cat. No. 20777

Provides cushioning over Morton's Glass Cutting Surfaces. Also gives enough friction when cutting glass with Cutter's Mate. Eight per pack.

GLASS RUNNING PAD

Cat. No. 20778

Rubber glass running pad. Light and easy to transport. 12-1/2" x 10-1/4" x 1/16" (317 x 260 x 1.6mm) thick. Firm, yet resilient, this pad is especially useful for running scores, circles, ovals and irregular shapes.

CUTTER COZY

Cat. No. 20165

Glass cutter foam grip. Fits over hand cutters for a more comfortable grip! Made in the USA.

PISTOL GRIP CUTTER COZY

Cat. No. 20166

Glass cutter foam grip. Fits over pistol grip cutters for a more comfortable grip! Made in the USA.

BEETLE BITS GLASS CUTTING SYSTEM

Cat. No. 20779

Aides in scoring angles and straight edges to create basic shapes or strips. This product was designed with the same principles as the Cutter's Mate: simplicity, comfort and ease in scoring. The compass dial and rests, resembling beetles, provide ease of cutting from either side of the work surface, or a straight cut perpendicular from the base ruler.

Features of the Beetle Bits Glass Cutting System:

- Wear-resistant straight edge, excellent for strips
- Compass indicates all popular angles for basic shapes
- Designed for use with the Waffle Grid surface

Includes:

- Oil well
- 2 Adjustable-angle rests -- one for each side of the work surface
- 1 Stationary straight edge rest
- 1 Swiveling rest, functioning as the compass dial
- 2 Multi-directional glass stops
- 18" Ruler
- 23" Straight edge

BEETLE GLASS CUTTER

Cat. No. 207795

The Flying Beetle Glass Cutter is designed for use with the Beetle Bit Glass Cutting System. The cutting head is always at a perfect 90° angle to the glass giving a perfect score every time. Just press down on the button to engage the carbide cutting wheel with the glass. The Flying Beetle glides effortlessly back and forth on the straight edge bar. The bright colored pointer is in direct alignment with the lines of The Waffle Grid. (by Creator's Stained Glass) so you will know exactly where the score line is going to be. This is an oilless system, but you may dip the cutting wheel if desired. The Flying Beetle is made from impact resistant polycarbonate. Replacement heads are available as the Toyo TC-10.

BEETLE JUICE CUTTING FLUID

Cat. No. 50205

2 fl. oz. (59ml) with applicator cap. A selective petroleum distillate. Viscosity suited to facilitate glass cutting. Extends glass cutter life. ORM-D

GLASS[®]
PRO

BEGINNER'S STAINED GLASS KIT

Cat. No. SGKITB

Includes everything that beginners need to experience their first project in stained glass. Packaged in a convenient cardboard box to keep all supplies together. Intended for the beginner who doesn't have time to take a formal (steps approach) class but wants to experience stained glass. Complete with small pieces of glass and a pattern with straight lines. INCLUDES:
